

**WALLED LAKE COMMUNITY EDUCATION
2018 BASEBALL/SOFTBALL/SOCCER FIELD USAGE SCHEDULE
DATES FOR SPRING/SUMMER ALLOCATIONS APRIL 15TH – JULY 1ST**

All fields are allocated to the specific league or organization. Allocations to each team are done by the approved organization. Each organization must have a Liaison to the district. No coaches are given fields. The organizations are allocated fields based on the insurance approval and the number of district participants.

SOCCER LEAGUES: Please refer to the supplied building maps to find where the allocated fields are located. The buildings have additional unlined, open areas for practice. Those unlined areas are for public use on a first come basis.

BASEBALL LEAGUES: Please remember the buildings are not open. Also, please don't drive on the grass. Keep all cars in the parking lot and carry equipment. Be sure to remove all equipment and restore fields to original condition. Please keep in mind, the fields are intended for physical education curriculum first. The responsibilities of the Facilities Department are to allocate based on number of participants and verify insurance. The Facilities Department then issues allocations to the Liaison for each league. Please distribute copies of the allocations to your coaches. Coaches in turn should have their copies on hand at all practices. This should help to eliminate any on site confusion. **Clifford Smart is only available for COACH/PITCH or T-BALL.** Total baseball field uses reflect the league reported numbers. Commerce approximately 40 teams. Lakes approximately 32 teams.

Any District fields not listed below are not available for use under the allocation process. They must be rented, or are closed for community use.

Thank you,

Debbie Burgess
Facilities Secretary

Jim Calhoun
Community Ed Supervisor

3/9/18
